knowledge and inspiration for office people

Vital-Office Design Shanghai Co.,Ltd.

With our design concepts, we combine Chinese culture and German ergonomics.

A good quality office is not expensive. Instead the budget is met and saved through concept based planning, where all interlinked factors in building and organization are considered ahead in a professional way. Individual and budget aspects are easily met by our modular furniture system, which is produced according our German requirements by local specialized Chinese production partners.

You are welcome to join the group of satisfied customers like e.g. Kärcher in Changshu, Jungheinrich in Qingpo, H.C. Starck in Gangzhou and Optima in Jiading.

- Vital-Office is the virtue of empathy in complex relationships between humans and the office environment.
- Our aim is to create a living office space.
- We assist the builder as a consultant and the as a professional planner.
- Vital Office is committed to the task, to design offices that inspire and motivate and offer comfort, safety optimal physiological support at the same time.
